How do I view my bill?

The George Washington University bills by semester according to registration. Statements are available approximately 4-6 weeks prior to the start of the Fall and Spring semesters and approximately 3-4 weeks prior to the Summer semester. An email notification is sent when the bill is ready to view. We do not mail paper statements; all billing is done electronically through the [Student Account eBill](#). Students always have access to their eBill and Student Account status through [GWeb](#). Students are strongly encouraged to check their Student Account regularly to ensure that the account is in good standing. Students can add [Authorized Users](#) (e.g., a parent, relative, spouse, etc.) so they may also review account activity and/or make online payments on the [Student Account's page](#).

Read more information on the [Monthly Payment Plan](#).

What are the consequences if my tuition bill is not paid when classes begin?

The Student Accounts Office applies financial holds for outstanding balances, returned checks and bad addresses. These holds prevent students from registering for additional courses, receiving transcripts and receiving their diploma.

If I'm eligible to receive a refund, what is the process?

Student accounts that have been overpaid will show a credit balance. Refunds resulting from the crediting of Title IV funds will be automatically generated within time frames as required by federal regulations. For all other refunds, students can choose to leave the credit on the account to apply to a future term, move all or a portion of the credit to their GWorld card, or request a refund. For the policy and procedures for refunds, please review the [Student Tuition Refund Policy](#).

How do I set up my GW ID and Password?

The GWeb Information System, sometimes referred to as Banner or Banner Self Service, allows online access to GW student services, such as registering for classes, viewing student accounts, viewing grades and accepting financial aid. Faculty and staff are assigned a GWeb account and pin as part of the Human Resources hiring and intake process.

To log into GWeb, you must use your GWid, which is an alphanumeric value used to identify an individual's records within GW's administrative systems. Your GWid is the letter G followed by an 8-digit number. You must also use a PIN, which is usually a 6-digit number, to log in to the GWeb Information System. If you have forgotten your GWid, you may submit a GWid retrieval request.

Lenders offer private educational loans with different rates, fees, repayment terms, and approval requirements.

Does GW recommend specific private lenders?

There are no private lenders recommended by GW. Students will need to research private education lenders to assist them with their tuition.

Assuming you are eligible for both the Direct Unsubsidized Loan and the Direct Graduate PLUS Loan, you can request enough aid to cover the full Cost of Attendance for the entirety of your program.

How soon will loans disburse to my student account?

Disbursements begin on the first day of classes each term (spring I and spring II are combined into one spring term with one disbursement), provided all disbursement requirements are satisfied. Please note that GW disburses aid based on the campus [academic calendar](#).

When disbursement runs, it pays any charges that you have on your account. Following that, the refund process is a separate process and is initiated after the disbursement. Make sure that you enroll in [direct deposit](#) to receive your refund faster.

Can I use loans to cover additional expenses such as living expenses, books, supplies, etc.?

Your cost of attendance (COA) for the academic year includes direct expenses including tuition and fees as well as indirect expenses including housing, meals, books, transportation, and personal/miscellaneous items. Financial Aid FAQ

Free Application for Federal Student Aid (FAFSA)

What is the FAFSA?

The [Free Application for Federal Student Aid](#) (FAFSA) is the application the Department of Education uses to determine if you are eligible to receive federal student aid.

Where can I find the FAFSA?

The FAFSA is available online at [Studentaid.gov](#). The FAFSA is a free application; you will not be asked to pay. You can also complete the FAFSA on the myStudentAid App. The GW school code is 001444.

Do I need to include my social security number (SSN) in my application for admission to be eligible for aid?

Yes, you will need to include your SSN in your application for admissions, in order for GW to retrieve your FAFSA from the federal database. Please contact the SPH Financial Aid Team by calling 202-994-1950 if you find any discrepancies or a missing SSN. Please do not provide your SSN via email.

Do I need my parents' tax information to complete the FAFSA?

If you are applying for graduate school, you are considered an independent student, and do not need to include your parents' information to complete the FAFSA.

What is the Expected Family Contribution (EFC)?

The Expected Family Contribution (EFC) is a measurement of your ability to contribute toward your educational costs. As a graduate/professional student your EFC is not a factor in your eligibility for federal student loans.

When should I complete the FAFSA?

The FAFSA is available every October 1st for the upcoming academic year. New students planning to use federal student aid should complete a FAFSA while applying for admission. You do not need to wait until you are admitted to complete the FAFSA. Continuing students will need to submit a FAFSA each year they plan to receive federal student aid.

Please reference the chart below to determine which FAFSA to complete based on your desired start date:

Start	Term	FAFSA Year
January 2020	Spring 1	2020-2021
April 2020	Spring 2	2020-2021
July 2020	Summer	2020-2021
September 2020	Fall	2020-2021

Do I need to complete the FAFSA each year?

Yes. Because eligibility for federal student aid does not carry over from one award year to the next, you will need to complete the FAFSA for each award year for which you are or plan to be a student.

What constitutes an academic year for federal student aid?

An academic year at GW starts in the fall and ends in the summer. This is used to calculate your federal eligibility for one academic year.

In addition to borrowing limitations based on the cost of attendance for the program, students are also limited in terms of lifetime borrowing. The aggregate loan limit for MHA@GW is \$224,000.

If the total loan amount you receive over the course of your education reaches the aggregate loan limit, you are not eligible to receive additional unsubsidized loans. However, if you repay some of your loans to bring your outstanding loan debt below the aggregate loan limit, you could then borrow again, up to the amount of your remaining eligibility under the aggregate loan limit. You can learn more about [graduate annual loan limits](#) on the Federal Student Aid website.

How do I find out if I am near my aggregate loan limit?

Log in on the [StudentAid.gov homepage](#) to view your federal student loan borrowing history, and loan servicer details. Please note that private education loans are not listed on this site. Students in default are not eligible for additional federal loans. Contact your lender for default resolution options.

What is the difference between a Direct Unsubsidized Loan and a Direct Subsidized Loan?

Direct Subsidized Loans are available to undergraduate students with financial need. Graduate students are not eligible for subsidized loans. The U.S. Department of Education pays the interest on subsidized loans while students are enrolled in their undergraduate program.

The Direct Unsubsidized Loan is available to undergraduate and graduate students and does not require demonstration of financial need. The Unsubsidized Loan begins accruing interest as soon as funds are disbursed. [Learn more about the difference between unsubsidized and subsidized loans.](#)

Financial Aid FAQ

Loan Deferment and Repayment

Do I have to repay my student loans while I'm in school?

You are not required to make any payments on your student loans while you are enrolled at least half-time. Repayment for federal loans begins 6 months after you drop-below half-time enrollment or graduate from the program. Your servicer will contact you with information on how to set up your payment when you enter repayment.

You can also request to pay the interest while you are in school in order to avoid capitalization on your loans. Capitalization occurs when your borrowed amount and interest combine and charge interest on the total amount. This occurs when loans go into repayment. If you are interested in enrolling in interest payments, contact your servicer after your loan is disbursed.

Most private loans also have deferred payment options while you are in school; however, you will need to check with your loan servicer.

When do I have to repay my loan?

After you graduate, leave school, or drop below half-time enrollment, you will have a 6-month grace period before you are required to begin repayment. During this period, you'll receive repayment information from your loan servicer, and you will be notified of your first payment due date. Payments are usually due monthly. You are not required to pay while in school, however if you choose to, there is no penalty to begin making payments on your loan or the interest. [Learn more about repayment timelines.](#)

What are the repayment plan options and how do I select one?

The Department of Education (ED) offers multiple options for repayment. You may visit the DOE website for more information on [loan repayment plans.](#)

Is there a repayment calculator or estimator that I can use?

Yes, visit the [ED website for repayment calculators.](#)

Can I consolidate my graduate loans and my undergraduate loans?

A Direct Consolidation Loan allows you to consolidate (combine) multiple federal education loans into one loan including both graduate and undergraduate loans. The result is a single monthly payment instead of multiple payments. This can be an option for some, be sure to review all the requirements. Learn more about [loan consolidation.](#)

Are there any loan forgiveness options available?

In certain circumstances, all or a portion of a borrower's federal student loans may be forgiven under the federal government's loan forgiveness program. Please review the Department of Education website for more information on [federal loan forgiveness programs.](#)

When VA benefits are calculated, the amount of this national cap must be expended before Yellow Ribbon Program benefits can be awarded.

What is the Yellow Ribbon Program (YRP)?

The Yellow Ribbon Program allows degree-granting colleges and universities to voluntarily enter into an agreement with the VA to fund tuition and fee expenses that exceed the national maximum per academic year.

Participating institutions choose their contribution amount, the VA matches that amount, and issue payment directly to the school. Additional information on the Yellow Ribbon Program available benefits and eligibility, visit the [U.S. Department of Veterans Affairs website](#).

Does GW participate in the Yellow Ribbon Program (YRP)?

Yes GW participates in the [Yellow Ribbon Program](#). This program allows institutions of higher learning (degree granting institutions) in the United States to voluntarily enter into an agreement with the Department of Veterans Affairs (VA) to fund tuition expenses that exceed the maximum base pay amount.
